Seems like life's been good to me
It's been good to you too
Babe, it's not hard to see we've broken all the rules
But now the time has come
Just before I go
If there's somethin' on your mind
I really gotta know

Fate is like a raging river
Just can't tie it town
Days go by so slowly girl
When you're not around
I've been gone 30 days
And I'll be home for two
Two more weeks of drivin' lord
I'll be back home to you.

Chorus:
Tell me baby what your thinkin'
Tell me just before I go
Tell me baby what you're thinkin'
Tell me while I'm two days home.
When I'm home with you babe
You know I'd love to stay
But the wheels of destiny come
Take me away
You know I'll love you girl
Just before I go
But there's somethin' on your mind
I really gotta know.

Chorus:
Tell me baby what your thinkin'
Tell me just before I go
Tell me baby what you're thinkin'
Tell me while I'm two days home.
