Blaceet Sing Chorus:2x

I don't understand this anymore

Why she's doing that to me

Blaceet Rap:

She looked in your face in the night?

Looked in your face in the day time too?

Telling you the story that you wanna hear? Mmm

Telling you that she loves your... Mmmm?

Pretty woman I said I love you.

Every night and day you are just mine precious

Loving you every minute seconds girl

And trying to show you all mine motion

Girl all I wanna

Take you to the ocean

Show you my motion.

Show you everything that you can never neh..
expecting.

Baby girl come on pretty pretty woman

Stop this and take it easy girl.

Blaceet: Chorus:2x

I don't understand this anymore

Why she's doing that to me

Blaceet: Rap:

So you wanna tell me what happened?

- Yes I wanna say

Then what did you say?

- I said I love you

And what did she say?

- And she said I love you

So that was the end boy?

So now you sitting outside

Thinking about the next step you got to take

Feeling sorry for yourself or for her or for the
relationship in general

Mmmm.. I say take it easy

Take it easy

Just go lazy and don't go crazy

Just go easy and just go lazy
And come around, I ma show you my motion
IÂ've got another world
Got somethings
Got somethings gonna cheer you up
DonÂ't sit down and think about her
This is something youÂ've got to experience.

Blaceet: Bridge:
But it is hurting me
Everyday and night
IÂ've been thinking of her
And I donÂ't know what to do
Why she went ?
How I do now?
I donÂ't know why she did this to me oh baby babyÂ....

Blaceet::
I donÂ't understand this anymore
Why sheÂ's doing that to me
