I'm gonna take you where
The sun shines bright
If you'll take me out
On the town all night
Cause I've watched your eyes
And I'm learning the way
To keep our heads alive
You gotta listen every day

You know a friend of mine told me
This world is gonna fall
I say that's because
I'm gonna take it all
Shock 'em with good times
To make it go around
It's not the way you call it
It's the way you make it sound

Keep on movin'
Keep on movin'
You're just a day to day star
Keep on groovin'
Keep on movin'
What's happening ain't all that far

I'm gonna take you where
The river runs low
If you take me to
That place we all can go
Cause I watched your eyes
I'm learning the way
To keep our heads alive
You gotta listen every day

Keep on movin'
Keep on min'
I gave you the sun
I gave you the sea
What's bringing me up
Is you brought 'em back to me

Keep on movin'
Keep on movin
