It's about me, me and only me

It's just the way that I feel

I hear your words, your point of view

But to me you're so unreal

I take what you say and see it my way

Cause it's all about me

I'm out at a party making the rounds

I'm looking in mirrors, I'm hearing the sounds

Of my voice going on and my voice going on

And my voice going on and on and on and on

And I like what I hear

Cause it's about me

It's still about me, me and only me

It's just the way that I feel

I hear your words, your point of view

But to me you're so unreal

I take what you say and see it my way

Cause it's all about me

I look in my drink and I see my reflection

I look in the water and I see my reflection

I look in store windows and I see my reflection

I look in your eyes and I see my perfection

Look in my spoon look

In my spoon look in

My spoon look in m

Spoon look in my spoon

Look in my spoon look

And I see Barry Manilow

When I gotta see I see for only me

Yeah, only me

Cause it's about me, me and only me

And the way I see it which is my own

And when I find myself no one else around

I don't care, cause I still got me, myself, and I

And I like what I hear

Oooh, self-obsession
