Well I'm a modern-day minority
Ain't got no culture or history
But what you get's really what you see

I've got 5-finger discount clothes
Bloody fingers and a runny nose
but this ain't the path I chose

[Chorus:]
'Cause I was fucked from the start
Like a modern piece of art
Standing on the corner out in the dark

Yeah I was fucked from the start
like a dirty needle in Pigeon Park
maybe I was just fucked from the start

I refuse to pay my dues
So fuck the world and fuck you too
don't waste my energy
'cause you aint got the bandages I need...

[Rep't Chorus]

I was fucked I was so fucked up
I was shit outta luck
It ain't my fault that the boy's gone nuts
I was just so fucked up

[Chorus:]
'Cause I was fucked from the start
I wanna tear myself apart
As I grab the knife and begin to carve

Yeah I was fucked from the start
I've got two black eyes and a blacker heart
maybe I was just fucked from the start
Baby I was fucked...
