So now, can we come together?
See how, this was once my home?
More hope more faith more love
Is easier said than done
I give that to you
This hope has sometimes been hopeless
So don't tell me you know what it's like to be me

Think about how the tide is turning

And I remember how we were strong together
Weak whenever we are all alone
And maybe I need you as much as you need me
and maybe more
Here's a lot like home

So now, can you see me clearly
All my broken bones in view
