Written By: Blair Perkins

Verse 1:

Ohh baby baby love can mean so many things met this  
girl in the  
spring and  
we did so many things, till the girl got shady found out  
she wasn't only  
my lady  
and I watched the colors fade away, then I met this girl  
in the summer  
and you know she was hot she rocked the latest  
fashion always talking  
about what she got she was  
just a needle in the water just like my spring fling she  
didn't want my  
love  
she wanted my ring

Pre Chorus:

Girl you know I love you, and all the things you do,  
I've been through  
all  
the seasons trying to find you put no body compares to  
you, I'll tell you

Chorus:

Somethings never change but seasons change, but our  
love remains the  
same  
Somethings never change but seasons change, but the  
game remains  
the same

Verse 2:

Moving along to my least favorite of all you guest it I  
met her in fall  
but she was not even interested not even willing to  
keep it on the wall

Pre Chorus:

Girl you know I love you, and all the things you do,

Iâ€™ve been through  
all  
the seasons trying to find you put no body compares to  
you, iâ€™ll tell you

Chorus:

Somethings never change but seasons change, but our  
love remains the  
same  
Somethings never change but seasons change, but the  
game remains  
the same

Verse 3:

Hold up, I think I forgot something oh right right winter,  
met this girl in winter I thought I was a winner  
she had to be the center all the time and that the sh  
that drop the dime

Pre Chorus:

Girl you know I love you, and all the things you do,  
Iâ€™ve been through  
all  
the seasons trying to find you put no body compares to  
you, iâ€™ll tell you

Outro:

Met this girl in the spring, met her in summer, met her  
in fall and move  
onto winter
