"Happy In Love"

Visit "[Happy In Love](#)" on MotoLyrics.com

Our loneliness is coming so let's give us a try
Who wouldn't try?
If we're our only witness then we owe us a lie
Who wouldn't lie?
Tossing a coin
Chances are you won't love that boy
There's time to invest
You've locked your heart in some secret chest

I'll never find love
I find it hard to sleep

When words alone can't keep me
Happy in love

Our loneliness is coming so let's give us a try
Who wouldn't try?
And time is fighting love but then we gave it that right
Who isn't right?

I've got my eye on you, baby

Tossing a coin
Chances are you won't love that boy
