You've got it bad and I've said it before  
I've seen it before you  
and you're so mad  
the way that you love me could only be for me

tell me all about it oh when I'm down  
tell me all about it oh when I'm down

you've got a kind of nerve in the sense that I couldn't  
replace you  
a stranger's heart would only reserve you a place to  
come back to

tell me all about it oh when I'm down  
tell me all about it oh when I'm down

take a hit, take a swing, you're the one that I love  
let it all balance out i'm the one you need  
let it go take it slow you're the one i want  
oh oh oh

you've got a way of making me feel  
you're holding my heart still  
and you could say i'm willing to bet  
that i've got my mind set

tell me all about it oh when i'm down  
tell me all about it oh when i'm down

take a hit, take a swing, you're the one that I love  
let it all balance out i'm the one you need  
let it go take it slow you're the one i want  
woah oh oh  
oh oh ohhh

forget the close calls  
don't bring yourself into this  
you should know better by now

you oughta know  
you oughta know

the way to keep my heart is keeping up

take a hit take a swing you're the one I love

let it all balance out i'm the one you need

let it go take it slow you're the one i want

oh oh oh

oh oh oh
