There you are  
With hands wrapped around him  
What do I say  
Do I give you away

Look at me  
Are you gonna set me free  
Let's find out

As she Comes  
And she Goes  
Walk on woman  
You'll never leave alone  
You just leave me on my own  
Walk on woman  
I know your danger prone  
And I'll never get you home

I've come so far  
You'd never of thought  
But i don't care  
Now I've got you caught

Your looking at me  
I see your jealousy  
It will never be

As she Comes  
And she Goes  
Walk on woman  
You'll never leave alone  
You just leave me on my own  
Walk on woman  
I know your danger prone  
And I'll never get you home

All the times you ran away  
All the time you said you stay  
Forever in my heart

As she Comes  
And she Goes

Walk on woman  
You'll never leave alone  
You just leave me on my own  
Walk on woman  
I know your danger prone  
And I'll never get you home
