I'm dreaming of this picture....

Of you and me together!....  
And it's so beautiful, it's so beautiful.....

.. ..

-Chorus-

Could you, could you! ....  
Crush my dreams, ....  
So you can build yours?....

.. ..

I'm walking through this tunnel....  
Of shattered dreams and misshapen hearts. ....  
And it's so beautiful, it's so beautiful.....

.. ..

My soul is at rest tonight;....  
I close my eyes and know....  
That when they open again,....  
Everything will be all right.....
