You really know how to drive a man crazy,
you know that ?
This night is magic, you and me, out in town;
long time no see - you're a woman now, wow !
I feel good, you're smiling, let's drink another round
everything is different now that you are around

I'm dizzy, and you're so nice...
I'm dizzy, no time to think twice
cuz something's happening and you're so cute, girl
I'm still dizzy... Damn, you're beautifull !!!
I like your sound when we doin it, baby
I love the way how we put it down, lady
You can stay with me a lifetime, maybe
But only when you do those sounds again, baby...
Next thing I know - we're dancing slow
touching each other like there was no tomorrow
and all you wanna do is what I wanna do,
cuz' all i know is you want me and I want you !

I don't remember how we got in your house
but it feels so good to have you in my arms;
put the lights out, turn the moon on
it's just you and me, baby, let's get it on !

I'm breathing intense all this heat;
you're making those sounds on my heart beat;
it's not a whisper, it's not a scream
it's just like a dream flowing through my bloodstream !
I like your sound when we doin it, baby
I love the way how we put it down, lady
You can stay with me a lifetime, maybe
But only when you do those sounds again, baby...
So much for our friendship !
I know we won't talk about this tomorrow.
I'll never tell you that your sounds... Are driving me
crazy...
You know what ?
We should never do this again...
But we will !
I like your sound when we doin it, baby
I love the way how we put it down, lady

You can stay with me a lifetime, maybe
But only when you do those sounds again, baby...
