He said baby,
Come up to the office
You sang at my party
I owe you some money
You owe me your lips
I'm gonna give tips
I heard your boyfriend is out of town

Baby,
Aren't you hungry
I could feed you cookies
I could get my car keys
Oh what a cute dress
But right now it's useless
I heard your boyfriend is out of town

I said you should get out of town too
I said you should get out of town too

He said baby,
I know you like me
You know everyone does
Really I'm serious
We could have good fun
And we're only young once
I heard your boyfriend is out of town

Baby,
Where are you going
Don't be such a diva
You can't just leave now
Come back don't bore me
You can't just ignore me
Isn't your boyfriend out of town?

I said yes,
And you should get out of town too
I said you should get out of town too
I said you should get out of town too

He said baby,

Come up to the office
You sang at my party
I owe you some money
You owe me your lips
I'm gonna give tips
I heard your boyfriend is out of town
