no one lives forever  
we all know how much we care  
and when u step in the center  
i know ill remember u forever

Pre-chorus  
and i know we wont stay together  
and it wont last forever  
walk away

Chorus  
we all say forgive and forget and  
we all play the fool in lifer  
and when i let my love show baby  
i know that this relationship wont last

well we walked through together  
im sick of hearing all your thoughts and tricks  
u said youd love me forever  
but now i think its time to surrender

pre-chorus

chorus 2x
