You, lead me safe and I am safe with You.  
You, love me so and I'm in love with You.  
How, can one know You and not tell it  
How, could one love You and not show it  
I wanna know, wanna know now

Gotta let it out  
Gotta shout it out  
Gotta scream it out  
You are God  
Gotta let it out  
Tell the world about  
Tell the world that You are God

For those who don't believe/ I'm gonna shout to You  
For those who don't have seen/ I'm gonna shout to You  
For those who don't have heard/ I'm gonna shout to  
You

For those who've given up  
For those who're full of doubt  
For those who've lost it all  
I'm gonna shout to You/ I'm gonna shout to You

For those who're hungry, Lord  
For children dying, Lord  
For people fighting, Lord  
I'm gonna shout to You/ I'm gonna shout to You

Well, I don't care, Lord  
No matter what, Lord  
I'll never stop, Lord  
Never stop, never stop...No
