I don't need to be afraid  
I don't need to be alone  
I don't need to walk away  
'Cause I got God on my side

I don't need no selfish style  
I got all and I won't hide  
God put this faith in my style  
'Cause I got God on my side

Put your praise on  
Put your praise on  
Put your praise on  
Put your praise on  
Lift your hands high  
Lift your hands high  
Cause I got God on my side

Do I have to be afraid?  
No way  
Do I have to be alone?  
No way  
Do I need to walk away?  
No way  
'Cause I got God on my side
