God, Your word is light so I can keep on walking  
God, Your word is light so I don't keep on falling  
God, You have angels that will keep on watching over  
me  
When I'm all, all alone, You're the Light

You love me, watch me and care for me  
Nothing's ever gonna change Your love  
You truly, walk with me, beside of me  
Nothing's ever gonna change in You  
You're Holy, Holy, Holy  
Nothing's ever gonna change in You  
You're Holy, Holy, Holy

Nothing's ever gonna change Your love
