33 white roses...

One painted red
A ruby in a sea of pearls
One painted red
Like a sun in a sky of stars
I know that you'll push me if I ever fall behind
You look over me
As I look into my own mind

33 white roses
You're sendin' me
33 white roses
You're sendin' me
33 white roses
You're sendin' me
33 white roses
Hey

I'm not as frightened anymore
I am not alone
And when you are near
My heart has found a home
I've learned some things the hard way not by choice
By chance
A lesson well learned
For this priceless romance

You're sendin' me
33 white roses
You're sendin' me
33 white roses
You're sendin' me
33 white roses
You're sendin' me
33 white roses
