I feel a little cynical  
Love is like a drug  
And sometimes I'm in the amorous coma  
I'm begging you to pull the plug  
Just as I say no more  
I meet a dark-eyed woman  
Made my heart beat like a drum  
Made me feel sixteen again  
Yeah

And she's  
Like standing on the end  
And she's  
Like finding a lost friend  
With all these feelings and such  
They rise to the surface  
When I feel her touch  
When she's  
Singing songs on the radio

Is it my imagination  
Or does food taste better  
And I lose all self-control  
When I see her in that sweater  
My friends all shake their heads  
Waiting for the fall  
But I pay no attention  
I'm dazzled by the beauty of it all

And she's  
Like standing on the end  
And she's  
Like finding a lost friend  
With all these feelings and such  
They rise to the surface  
When I feel her touch  
When she's  
Singing songs on the radio

It can't all be about sadness  
Darkness and the rain

I feel a little burst of joy in my heart  
And I'll never be the same again

And she's  
Like standing on the end  
And she's  
Like finding a lost friend  
With all these feelings and such  
They rise to the surface  
When I feel her touch  
When she's  
Singing songs on the radio
