Fall asleep under blood and the moon
A canopy of flowers as the sun sets too soon
My adolescence stolen by accident
Joy is always fleeting, sorrow permanent

And I am alone
I am alone
I am alone

My legs grow roots and attach me to the earth
My dark red tears express what the pain is worth
With his face on my forehead I have nothing to hide
You can never kill me 'cause I've already died

I am alone
I am alone
I am alone

I am alone
I am alone
I am alone

Hey....

Our crowd falls back into the street
Save for my beloved who stands flushed from the heat
From the furnace burns my suffering away
My dust are paper Judas on a summer's day

I am alone
I am alone
I am alone

I am alone
I am alone
I am alone
