[Intro]

Bring it back like you never did before
Bring it back and die once more
Bring it back like you never did before
Bring it back and die once more

Bring it back like you never did before
Bring it back and die once more
Bring it back like you never did before
Bring it back and die once more

Bring it back like you never did before
Bring it back and die once more
Bring it back like you never did before
Bring it back and die once more

[verse]

After awakening from an eternal slumber
You find life isn't quite as grand
All these images of pain
Try not to die again

You feel life hasn't treated you fairly
Your screams aren't loud enough, hold my hand
You just wish you could complain
As I smile my evil grin

[chorus]

Re-awakened and dying again
Your back with with a vengeance
But then your gone again

Re-awakened and dying tonight
Your here to retaliate
But then your gone from sight

Re-awakened and dying right now
Your body doesn't obey
And then you wonder how

Re-awakened and dying, begin
Your forever here to stay

But then your gone again

[verse2]

Can't restrain the monster anymore
Destroying everything in your path
Look at the devistation
Behold the after path

Will you still care after this is over
Will you know what you can do
All these images of pain
I only wish it was through

[chorus]

Re-awakened and dying again
Your back with with a vengeance
But then your gone again

Re-awakened and dying tonight
Your here to retaliate
But then your gone from sight

Re-awakened and dying right now
Your body doesn't obey
And then you wonder how

Re-awakened and dying ,begin
Your forever here to stay
But then your gone again

[Bridge]

Have you ever so alone
So that no one cares at all
Well i'm here to tell you your wrong
Wake up and i'll catch you if you fall

After awakening from an eternal slumber
You find life isn't quite as grand
All these images of pain
Try not to die again

[Chorus]

Re-awakened and dying again
Your back with with a vengeance
But then your gone again

Re-awakened and dying tonight
Your here to retaliate
But then your gone from sight

Re-awakened and dying right now

Your body doesn't obey
And then you wonder how

Re-awakened and dying, begin
Your forever here to stay
But then your gone again

[Outro]
Don't Leave Me!
