It lacks on sense and reason
Meeting her tonight
The falicy is believing
And maybe could all night
It's the most desperate season
If only exchange words I know it sounds absurd

'Cause she could be anyone around
She could be anyone in town
She could be anyone I found
What kind of name is love?
What kind of name is love?

What kind of name is
Love's got me thinking
Totally anticipatin' a miracle

When asked who I am meeting
Or who I'm waiting for
I said I'm looking for love
To come running through the door
"Aren't we all," they told me

"Or haven't you heard,"
I know it sounds absurd

'Cause she could be anyone you know
She could be anyone, no-show
She could be anyone, stuck on dope
What kind of name is love?
What kind of name is love?

What kind of name is
Love's got me staring
I don't know what she'll be wearing
It's wonderful

'Cause she could be anyone around
She could be anyone in town
She could be anyone I found
What kind of name is love?
What kind of name is love?

What kind of name is love?
What kind of name is love?
What kind of name is love?
