I will be there  
Always waiting  
Waiting for you  
To let me inside  
Where your fire burns  
In a city of angels  
Just like a river rushing straight into the sea  
I'm the one thing meant for you and you for me

*[CHORUS:]*

Whatever you want  
Whatever you need  
Whatever it takes, I'll do anything

And as you sleep  
Eyes to the window  
I'm watching you dream  
Well are you dreaming of me?  
So why can't you see  
You're all that matters  
You know if this earth should crack  
I'll be your solid ground  
I will be there to catch you when you fall down

*[CHORUS]*

If I have to crawl  
Get down on my knees  
Whatever it takes, I'll go anything

I'd take the stars right out of the sky for you  
I'd end the world give you the sun, the moon  
For all of time, forever loving you

Whatever you need  
Whatever it takes, I'll do anything  
If I have to crawl  
Get down on my knees  
Whatever it takes, I'll do anything
