

Calling "Final Answer"

I want love
To carry me through
All the moments, I'd kindly undo
Locked away
So I can feel safe

Now that I'm down on my knees, begging for change
Look down at the water
Before I jump in
To find I was sinking fast, in all the might have been

[Chorus:]

What I need now is an honest answer, to make things
better
You can see now my hands are tied, and I surrender
So I'll wait here for your final answer, your final answer
Is there love without hate
Is there pleasure without pain?
I have seen all my mistakes
I cast you out, but now, I want you back
So light me again, cause my heart is turning black

[Chorus]

Remember the night you wore that dress
It flowed through out lips
Drink after drink, and kiss after kiss
I'm still holding on, day after day
Don't run away
I want love to carry me through
Can you tell me what I'm supposed to do

[Chorus]
