Well he can't sleep at night  
And he can't do what's right  
It was all because she came into his life  
it's a deep obsession, taking up his time

*[Chorus:]*

She's all that he wants, she's all that he needs  
She's everything he just won't believe  
Take away his doubt, turn him inside out  
Then she can see what he's been dying to say  
but things don't always turn out that way

And he must confess  
All the impure thoughts of his beautiful temptress  
although he keeps it all bottled up inside  
although he keeps it all safe within his mind, oh yeah

*[Chorus]*

So wipe that smile off your face  
Before it gets too late  
There's only so much time  
For you to make up your mind

*[Chorus]*
