Have you heard about the baby, born at the wrong
place;

Have you heard about the baby, born at the wrong
time;

The baby was born, it's mummy died;
No daddy around, the baby cried;
Nobody's child you'll never got a chance;
That's true, - No Romance !

They never got a chance ! They never got a chance !
They never got a chance !
They never got a chance ! They never got a chance !
They never got a chance !

Have you heard about the boy, who's living in a
trashcan;

He's eight years old but strong as man;
He never felt love, he never was a child,
The only thing he knows is how to get wild;
Shot by a cop, he never had a chance;
That's true, - No Romance !

They never got a chance ! They never got a chance !
They never got a chance !
They never got a chance ! They never got a chance !
They never got a chance !
They never got a chance ! They never got a chance !
They never got a chance !
They never got a chance ! They never got a chance !
They never got a chance !

Have you heard about the girl, standing by the red
light;

You can buy her body, she will hold you tight;
She needs the money, she hates the street,
She got some dope, but nothing to eat;
The dope was bad, she never got a chance;
That's true, - No Romance !

They never got a chance ! They never got a chance !
They never got a chance !
They never got a chance ! They never got a chance !

They never got a chance !
(Killed by Society !)
They never got a chance ! They never got a chance !
They never got a chance !
They never got a chance ! They never got a chance !
They never got a chance !
(No Romance !)
They never got a chance ! They never got a chance !
They never got a chance !
They never got a chance ! They never got a chance !
They never got a chance !
