Hide the Key, 'Cause I'm coming over
Settle the score oo whooaa
Don't forget how well i know you
Stop Asking
And Keep Dancing

{Verse 1}

You get a chance girl
You fall apart start talking with you hands girl
You'll have to start over over again ooo whoooaa ooo

Maybe I'll call up and call you out
Maybe next time you should turn around over over
again ooo whoooaa ooo

And put, put, put, your heart where your mouth is
And put, put, put, your heart where your mouth is, now

{Chorus}

Hide the Key, 'Cause I'm coming over
To settle the score oo whooaa
Doo oo oo oo Doo oo oo oo
Stop Asking
Keep Dancing

{Verse 2}

Then I am blind girl (Then I'm Blind)
My eyes are always holding in your mind girl (holding
in your mind)
You'll have to start over over again ooo whooaa ohhh
Maybe i'm the one who plays the game
Maybe i turn and make the same mistake over over
again ooo whooaa ohhh ohh

(and baby you should) and put, put, put, your heart
where your mouth is
And put, put, put, your heart where your mouth is, now

{Chorus}

Hide the Key, 'Cause I'm coming over
To settle the score oo whooaa
Don't forget how well i know you
I'll take take, take take you down
Doo oo oo oo Doo oo oo oo
Stop Asking
And Keep Dancing
Doo oo oo oo Doo oo oo oo
Stop Asking
And Keep Dancing

{Bridge}

I'm talking 'bout change
You really wanna see the way
But if you wanna see
Then you need to settle down
And were talking 'bout change
You really wanna see the way
But if you wanna see
Then you need to settle down down down down

{Chorus}

Hide the Key, 'Cause I'm coming over
To settle the score oo whooaa
Don't forget how well i know you
I'll take take, I'll take take you down

Stop Asking
And Keep Dancing
Doo oo oo oo Doo oo oo oo
Stop Asking
And Keep Dancing
