Te robaron, te golpearon, te bolsearon y a tu chava  
la nalguearon,  
Te enga±aron, te filmaron, te pillaron y en tu geta  
se burlaron  
Te encerraron, se pasaron, te pegaron y despu±©s no  
te  
sobaron  
Nuestras rolas las usaron, en las pelis y despu±©s no  
nos pagaron

Hanging on the corner is a man with a plan, people  
took the stand  
And get some business and ran  
Streets at night sound just like being bad, one place  
were they talk  
Then slide it to the left  
Mama never wanted me to be no cop, voted most likely  
in high  
School and drop  
I am dressed to impress in a bullet proof vest, back  
in black  
With a swide in my chest
