He stepped on the airplane today  
Things are going to be okay  
And you said your goodbyes  
But things shouldn't be this way  
How can you love him like that  
What he did behind your back  
If you just give me a shot  
I'll help get you back on track

I know that it's wrong  
But know that he's gone  
You've shed enough tears  
For your broken heart  
And what can I do  
To be there next to you  
I'll tell you the truth  
I loved you from the start

You're the coolest girl I've met  
Just don't seem to know it yet  
Let me tell these things to you  
It'll just take a sec  
There's no reason to be scared  
Cause I'll always be there  
We had our moments in the past  
Now just think of what we'll share

Now we're skating  
And we're playing  
And your heart has started healing  
From the guy who me stealing  
Your love or at least that's what I've been  
Told him what I'm made of  
And that we're real sure of  
That we are in love  
But I guess that's just how our love goes
