Now that I'm all alone  
I'll have some time to think  
I'm just going to sit at home  
Until I get back on my feet  
It made me think of something  
Now that you are gone  
That I don't want to be something  
If you're moving on

I hope that you're happy  
Where ever you're going  
Just know you're not alone  
Remember I'm lonely  
Remember to write me  
Or call me at home

Realized I can't live without you  
I'm not going to lie  
When you had gone away  
I started to cry  
Now it kills me to see you  
With that other guy  
Eating a microwave burrito  
With tears in my eyes

We'd go skating all day  
And just talk all night  
And I would call you to play  
And those days were nice  
We were the best of friends  
In fact, we had never kissed  
This guy has come between us  
And now those days are missed

I know what you're thinking  
Just know that I'm wishing  
To hold you again  
You'll forget about that guy  
And then you'll know why  
I'd like to pretend

If I had moved much faster  
Would I still stand a chance  
And now this disaster  
Would be in the past  
We could make out to a song  
San Dimas was always gold  
You know I loved to so long  
Just wish that you were told

I'd be holding your hand  
And we'd make our own plans  
We could go on a date  
They'd all stop and stare  
My hands through your hair  
When we go out to eat

I don't want to let you go away
