"No Angel"

These empty notes hide and conceal
The faster we touch the less I feel
I've cornered this problem and kicked it to death
Inhale exhale don't use your breath

Stones thrown away from decay
Fall on your knees and pray that angels will fall away
I'll see you on the way down

You're no angel you're the parasite
You're no angel you're all lies
You're no angel I see your wings but you can't fly
You're no angel tonight

This rotten shell cradled inside
We're all looking for something I'm just looking to die...
yea yea
I've cornered this problem put the blade on in
My cage bought with this wage of sin

Stones thrown away from decay
Fall on your knees and pray that angels will fall away
I'll see you on the way down
You're no angel you're the parasite
You're no angel you're all lies
You're no angel I see your wings but you can't fly
You're no angel tonight

When the sky cries out angels will dance in the rain
In the falling downpour we will learn to live again
When the sky bleeds forgiveness we will drink from it's
veins, drink from it's veins

Cause you're no angel (x 4)

If I put it on the line said you would be mine
Would you throw those wings away?
If I showed you all the signs and they pointed on down
Would you follow me anyway?

There is no time at all

No time at all angel

If I put it on the line said you would be mine
Would you throw those wings away?
If I showed you all the signs and they pointed on down
Would you follow me anyway?

If I put it on the line said you would be mine
Would you throw those wings away? (there is no time at
all)
If I showed you all the signs and they pointed on down
Would you follow me anyway? (no time at all... angel)
