Heard 'em say all the time you piss away  
Is equal to the time you'll stay  
Fate twists her fucking knife  
The flood it came disguised as the words we sang  
And drowned away all the pain...

Something's cryin' dies inside of him but I don't know  
what it is  
Days go faster I'd hate to lie to him but I think the end is  
near  
Keep on eyein' tryin' the sands of time as life just  
passes by  
It's getting late and I'd hate to die... I'll stay the night

And I lie to revive all the things dead inside  
Down down into the depths we go fate twists her  
fucking knife  
And it shows no signs of life, a glimpse of you and I'm  
alright  
Down down into the depths we go... dying each day like  
it's my last

I heard 'em say all the time you piss away  
Is equal to the time you'll stay  
The flood it came disguised as the words we sang  
And drowned away all the pain...  
Mind's been slippin' I lost my sanity in turn I'm losin'  
time  
I hate this place but I'd hate to lie to him but I think the  
end is near  
I heard 'em say that the lord is comin' soon well I hope  
he comes for me  
It's getting late and I'd hate to die... I'll stay the night...

And I lie to revive all the things dead inside  
Down down into the depths we go fate twists her  
fucking knife  
And it shows no signs of life, a glimpse of you and I'm  
alright  
Down down into the depths we go... dying each day like  
it's my last

I heard 'em say all the time you piss away  
Is equal to the time you'll stay  
Fate twists her fucking knife  
The flood it came disguised as the words we sang  
And drowned away all the pain...

HahaHaha

Down down into the depths we go fate twists her  
fucking knife  
Down down into my heart will show that fate won't win  
tonight (x 2)

And I lie to revive...  
I heard 'em say all the time you piss away is equal to all  
the pain...

I heard 'em say all the time you piss away  
Is equal to the time you'll stay  
The flood it came disguised as the words we sang  
And drowned away all the pain...
