I've done everything I could, to get you here tonight
Without telling you why
Now girl if you only would, please hold out your hand
Just close your eyes
I've been dying to ask you one burning question
Will you be mine

From here to eternity
I'm asking you to share your life with me
Now and forever I guarantee, I'll always stay by your
side
I promise my love to you
I'm willing and able and ready to..whatever you need
I am here for you, and I'll always be
From Here To eternity

Well, I've saved a year for this ring
I can't wait to see
How it looks on your hand
I'll give you everything, that one woman needs
From a one-woman man
I'll be strong, I'll be tender...a man of my word
And I will be yours...

From here to eternity
I'm asking you to share your life with me
Now and forever I guarantee
I'll always stay by your side
I promise my love to you
I'm willing and able and ready to, whatever you need
I am here for you, and I'll always be
From here To eternity
