You don't have to try so hard
What's with the attitude
All I want is who you are
All you gotta do is

Love me like you mean it
Every day I really want to know
That you're willing to lay your heart on the line
Talking is fine but feeling is believing
Love me like you mean it

You can try the latest style
But that won't turn my head
If you want to drive me wild
And keep me interested

Love me like you mean it
Every day I really want to know
That you're willing to lay your heart on the line
Talking is fine but feeling is believing
Love me like you mean it

They'll try to tell you
That the secret to the mind of a man
Is to be some kind of fantasy
But what I'm needing
You ain't ever gonna find in a magazine
It's between you and me

Love me like you mean it (love me like you mean it
every day)
I really want to know
That you're willing to lay your heart on the line
Talking is fine but feeling is believing
Love me, love me like you mean it
Love me like you, like you, like you mean it
You already drive me wild
You can drive the savoir faire
'Cause I don't really care
Love me like you, like you, like you mean it
