One good bye
And the world that I knew
Just slips away
And dares me to forget it
I know my heart
Will heal one day
If memories will let it
It hurts when everything reminds me of you
So to protect myself, what else can I do

I think of the sun
I think of the rain
I'll count the shadows on the wall, so I won't feel the
pain
'Cause if I think of you
My strength will be gone
So I'll do anything at all
So tears won't fall

How I try
Never to slip
And speak your name
It would come so easy
That would just stir the fire again
That I swore was cold inside me
I almost loved you, but I stopped just in time
If I'm to save myself, you can't cross my mind

I think of the sun
I think of the rain
I'll count the shadows on the wall, so I won't feel the
pain
'Cause if I think of you
My strength will be gone
I will do anything at all
So tears won't fall

If my thoughts would let you through
You'd find your way back somehow
That's not what I need right now
So to protect myself

I think of the sun
I think of the rain
I'll count the shadows on the wall, so I won't feel the
pain
'Cause if I think of you
My strength will be gone
So I'll do anything at all
Yes I'll do anything at all
So tears won't fall
