You were all she ever wanted, that was once upon a time
She was all you every needed, that's what makes it such a crime
How you took her heart for granted, how you threw her love away
Now you still don't understand it, if you did, you'd never say...

It was too good to be true...
What did you expect a girl as good as her to do
What do you think would make that woman go and find somebody new
She's not too good to be true...
She's just too good to be true to you

Just because she never said so, doesn't mean she didn't see
Everytime you stole an apple off somebody else's tree
Late last night that lipstick letter she left on the bedroom door
Said you don't get it, and you ain't gonna get it anymore

It was too good to be true...
What did you expect a girl as good as her to do
What do you think would make that woman go and find somebody new
She's not too good to be true...
She's just too good to be true to you

She's not too good to be true...
What did you expect a girl as good as her to do
What do you think would make that woman go and find somebody new
She's not too good to be true...
She's just too good to be true to you

Here we go
Too good to be true to you
What did you expect a girl as good as her to do
What do you think would make that woman go and find

somebody new
She's not too good to be true...
She's just too good to be true to you
Just too good to be true to you
