(Alright) --> James Brown  
(Hit me)

[ VERSE 1 ]

Turn up the bass... I'm in a car chase  
Cops on my tail, but can't keep pace  
Just robbed a bank, now I'm pullin rank  
Step to the curb of my tank  
Sirens sound aloud, police gettin their orders  
To stop me from reachin the border  
Come on, coppers, you got to move faster  
My Suzy with the Uzi, she's a cop-blaster  
Gunnin, runnin red light after red light  
Oh shit, I just hit a dyke - sike  
Cops thought they had me  
But a 360 turn just freed me  
Road block is nothin but a fragile line of defense  
It got me so damn tense  
This is no fantasy, no dream  
Put yourself into my scene  
One hand on the steering wheel, the other holds a nine  
At the same time bustin a rhyme  
In like Flynn, out like Scout  
Bustin caps, flexin, plexin criminal clout  
In a car chase

[ VERSE 2 ]

Not one but two forces are tailin me  
There's no way those suckers will jail me  
My honey with the money said, "Look, Dee  
Gas tank getting closer to E"  
I spare the fifth gear, spillin my beer  
Olde Gold all over my gear  
Now I'm madder than a pitbull ready to clam down  
On my face is a evil frown  
In hyper space like a Indy car race  
Another clip in the nine I place  
Police car pulls up to the left of me  
So I go on and shoot in spree  
I stopped when it smashed head on with a Mack truck  
Then explode, as I watch it and even duck

For cover I'm fiendin just like a demon  
Jump out of my car, people are screamin  
I dragged this dude with an attitude from his car  
Right in front of Silky Slim bar  
Pedal to the metal, power I'm flexin  
Yeah, I'm fuckin up today's election  
Cause on the headlines I will take his place  
Cops gonna catch him in a wild car chase

[ VERSE 3 ]

Their all-out bulletin is gettin furious  
I guess now they will take me serious  
As a cop was bustin at me but missin  
(You stupid nigger!) Yo, who are you dissin?  
Then I thought to myself I wanted to choke him  
Oh fuck it, the Dee will smoke him  
Bang! Then hit acceleration  
That's what you get for trying my patience  
Kid cross the street, I can't come to a halt  
So I drive up the sidewalk  
My girl was trigger-happy as she bust around  
Two more cop cars are down  
Helicopter sounds getting closer to the ground  
??? border-bound  
Air raids goin off as they're warnin the people  
That this brother is lethal  
I'm tellin you, don't try to equal  
There will be no sequel  
For the faces of death I'm leavin behind  
With a passion for crime  
In a car chase

[ VERSE 4 ]

It seem like a nation of cops are goin my way  
As I wheel and deal on to the highway  
Causing panic to the other motorists  
They never seen a underground terrorist  
Pull a grenade and blow up a cop barricade  
As the clouds of smoke start to fade  
Out of the frame I'm faster than the speed of light  
As I hold my weapon real tight  
The force of steel show just how I feel  
Police bullet shatters my windshield  
Bonnie & Clyde, not the past, but the present, y'all  
How many times they're at the police ball?  
Zero, cause they're goin to funerals  
You disagree, then you're next for a burial  
This is no TV drama, robbers and cops  
On my mind is - hip-hop  
While the last cop tailin me, I should stop him  
But there's no need for Dee to pop him

I spared his life so he can call headquarters  
And tell them all: I crossed the borders
