Maybe its intuition

But some things you just dont question

Like in your eyes

I see my future in an instant

And there it goes

I think Ive found my best friend

I know that it might sound more than

A little crazy but I believe

Chorus

I knew I loved you before I met you

I think I dreamed you into life

I knew I loved you before I met you

I have been waiting all my life

Theres just no rhyme or reason

Only this sense of completion

And in your eyes

I see the missing pieces

Im searching for

I think I found my way home

I know that it might sound more than

A little crazy but I believe

Repeat chorus

A thousand angels dance around you

I am complete now that I found you

Repeat chorus to fade
