15 days we only have to finish our best song
Working, working, working night and day
But inspirationâ€™s gone

The time goes by and we don't know how to do it
And we wonder why, why, why, why

We're working hard these days and now the time is up
Chords and lyrics, rhythms and melodies, partitures
and tabs

We're hoping to finish it and there seems no way out
But we can do it right

We'll do, we are sure
We'll find the way to grow up in this world
We love the music
It gives us all the best in our lives

Music is the way we show our souls
And we are here to demonstrate
That is our way of life, of joy
And we feel so glad

And when we've finished this recording
We'll start to fight
Until we loose our strength

We'll do, we are sure
We'll find the way to grow up in this world
We love the music
It gives us all the best in our lives
