"A World Without Danger"

There is a world that is virtual and different
It can be so cold
Makes us stand up for what's right
Our hope through the life if we reset it to the start
CHORUS
Here we are going far
To save all that we love
If we give all we've got we will make it through
Here we are like a star
Shining bright on your world - today
Make evil go away
Code Lyoko we'll reset it all
Code Lyoko be there when you call
Code Lyoko we will stand real tall
Code Lyoko stronger after all
A world of machines it can shadow human nature
And all that we need
Is the way to find the answer
And one thing's sure
You can count on us for good
REPEAT CHORUS
We'll do our best
To never let you down
We're up to the test
To turn this world around
REPEAT CHORUS
