Do you know that funny thing,  
You can stick it in.  
For you and for your bunny,  
Stick it in is funny!

Refrain:

In German that means,  
Not the same as it seems.  
In German that means,  
-Yeah-.

Do you know the natural thing,  
It comes from a plant.  
For smoking it you need to  
Crambl it in your hands.

refrain

Do you know that very cruel thing,  
You must be over 18.  
For looking and listening,  
Something like that you haven't seen.

In German is no word for that  
very, very cruel thing.  
And they're not  
The boyz from N'sync.

They are much bader,  
they are so loud.  
The only strange thing  
Is their sound

In German that means,  
Not the same as it seems.  
and they smell  
like they come from hell
