The parrot goes ah, ah, ah
The monkey goes oo, oo, oo, oo, oo
The boa goes sss, sss, sss
The cricket goes cri, cri, cri, cri, cri;
Cri, cri, cri, cri, cri.
Down in the Amazon
Where trees are green and plenty
Wild animals live there,
And they love to sing.
(Chorus: The parrot goes...)
When nighttime comes
Down in the jungle
All you hear is whispers
As crickets sing goodnight.
(Chorus: The parrot goes...)
If you're ever down
Down in the Amazon
And you hear the singing
Be sure to sing along.
(Chorus: The parrot goes...)
The Amazon
The Amazon River
Is a beautiful river
In South America, in South America.
(Chorus: The parrot goes...)
