The boats on the water  
Go sailing, sailing, they go sailing.  
The boats on the water go sailing  
Sailing to and fro.  
Sailing here and there  
Sailing everywhere,  
Sailing to and fro they go.  
( Repeat)  
The trains on the tracks  
Go rolling along, rolling along  
Rolling along.  
The trains on the tracks  
Go rolling along, rolling to and fro.  
Rolling here and there  
Rolling everywhere,  
Rolling to and fro they go.  
(Repeat)  
The planes in the sky go flying around  
Flying around, flying around  
The planes in the sky go flying around  
Flying to and fro.  
Flying here and there, flying everywhere  
Flying to and fro they go.  
(Repeat)  
If you want to take a ride  
On the ground or in the sky  
Just take a plane, a bus or a train  
Transportation is not all the same.
