"Sword To A Gunfight"

No love no confidence,
No love no confidence,
No love no confidence,
We wept, we wept, we wept.

No crimes no secrets kept,
No crimes no secrets kept,
No crimes no secrets kept,
Regrets, regrets, regrets.

End shall melt
End shall melt

No God no soul possessed,
No God no soul possessed,
No God no soul possessed,
We rest, we rest, we rest.

End shall melt
End shall melt

Never bring a sword to a gunfight, alright
Cause it shoot from the hip, while you slash from the
wrist
And you'll die like a dog tonight

End shall melt
Never bring a sword to a gunfight man
