They split

By Clement Albert Mutombo Kankonde

They split
They split
Yes, they split
Yes,,they split
They drift away
Like never before
They are gone
Leaving me empty handed
They part from me
Without remorse, now
They took everything
I worked for

They split
Yes, they split
They split
As if I am doomed
They emptied my pockets
Like thieves in the night
Separated from me
As if I am sick
They ran away
Without saying good-bye
They split
Yes, they split

They split
Yes, they split
Yes, they split
They ran away
They ran away
Without saying good-bye

What they don't know
I am the Alpha and Omega
I will still stand
Because I am the one
Who believes, yes I am the one

who stood some ground
who has been there before

Yes, they split
They drift away
They drift away
When I am still
Conspire now
To coax my will
They conspire against me
To conquer my soul
But what they don't know
I am the Alpha and Omega
I can put up resistance
Retrofit to withstand the test

Yes, they split
Yes, they split
They split
They split
Yes, they split
Oh yes they split

They drift away
What they don't know
I am the Alpha and Omega
I can put up resistance
Retrofit to withstand the test

They split
No, yes they split
They split
Yes, they split

As if I am doomed
As if I am sick
Yes, they split
They split
Oh, yes, they split
They ran away without remorse, now
They're gone
Oh, they split
Yes, they split
Â.....
Lalalala Â... nananana Â....

They split
Yes, they split
Oh nananana Â... oh lalalala Â...
They split,
Yes, they split

Â....
