Like the rain
Come down the drain
Our love in sunlight,
And evening pain.
Like the man
Romances will bring
Pain and love
All the same thing.
We're all the same thing
All the same thing
In my opinion we are the .to mock
(The same thing)
Form the old storybook
(The same thing)
Equal and equal dark
(The same thing)
to see
Who is in the room
It defines opinion
Whether they're the same thing.
Chorus:
Nothing in common
Be cut from different sets of distinct clothes
I love the sun up in the evening
Nothing in common, yet they're both the same
thing!
(The same thing)
The same street
The same address
The same white hand
The same black dress
The same
From my
Pain in love
All the same things
All the same things
In my opinion
Until now my inner feelings were always lost
The spirit old season, does the human fall insane
Different opinion, they are the same thing!
Chorus: (x2)
Nothing in common

Be cut from different sets of distinct clothes
I love the sun up in the evening
Nothing in common, yet theyâ€™re both the same
thing!
La, la, la, la, la, la, la, la,
