Kiss, Kiss
Fall in love
Hey! Hey! Hey!

I see you come,
I watch you go, you never seem to leave me though
So is this love or hate we'll see
You're makin' me crazy

Inside my dreams,
You're all I see,
Well, all I see are you and me

Lady, maybe a host
I find I really don't mind

If I had to choose a rose
From this garden of romance,
Maybe we could take this chance

Maybe you're my love

And I would like to find
A hand like a hand like yours to take mine,
And with one kiss
We can stop time and I'd fall in love with you

Tomorrow's far away,
Let's place our hope in today
Just you and me,
In a beautiful Spring

And we'll always fall in love
AGAIN!

Hey! Hey!

Maybe you're my love!
