Boy you know you get me high
When you take me on a ride
Tell me where you want to go
Tell me where you want to go

It's the cataracs

Yo, Its that dancefloor - 808
She hit me like a 808
Havin' you all night, vodka straight
Bottles up, you and me
Me and you, on a trip
All night flight, girl lets dip
Lickin my lips im in the zone
And I cant really say what Im sippin on

But You taste good to me
Girls like you make history
Sure does sound like a hit to me
now che-e-e-ck out this beat

[CHORUS]

Now, you got it
you got it goin on, goin on, & on & on;
Boy you know you get me high
When you take me on a ride
Tell me where u want to go
Tell me where u want to go
Im your bonnie, you're my clyde
I'll be your "ride or die"
Tell me where you want to go
Tell me where you want to go
t-t-t-to the top of the worldddd

your daddy must have been a drug dealer (why?)
cause you dope
you the bonnie to my clyde, Juliet and romeo
your daddy must have been a drug dealer (why?)
I don't know, im just saying anything to get me up
inside your
throat
Is it workin?

Im just playin
Man this bottle got me sayin
I don't ever wanna lose, lose ya right now
You got it you got it goin' on, going on & on & on

Boy you know u get me high
When u take me for a ride
Tell me where u wanna go
Tell me where u wanna go
Ooooh-ooooooooh

(t-t-t-to the top of the worlddd)

Tell me where you want to go (x4)

Where, you wanna, where you wanna go? (x4)

t-t-t-to the top of the worlddd
