I was longing for the past. When you'd think  
that love would last forever. I began to lose  
control. With a yearning in my soul. Now I have  
to face the truth. Why we shouldn't ever be  
together. But I lost myself in you. What's a man  
supposed to do.

I wish everyday could be like this  
The end of the world for everyone  
So don't live a life of emptiness  
It's too late to stop now it's begun  
(And every night I think of you. You're everything  
to me. And everyday I think about the way it  
used to be)

Now I've found a piece of mind. Made a wish  
that got my life together. But it left me feeling  
cold. Made of silver not of gold. Here I am without  
a clue. Why a love could never last forever  
Cross the ocean and the sea. A better plate for  
you and me

I wish everyday could be like this  
The end of the world for everyone  
So don't live a life of emptiness  
It's too late to stop now it's begun  
(And every night I think of you. You're everything  
to me. And everyday I think about the way it  
used to be)

I was longing for the past. When you'd think  
that love would last forever. I began to lose  
control.
