Thank you kindly for thinking of me. Joy or
sorrow what will it be. Now that it's over where
will it end. Nothing else matters I'll try it again.
So you can go if you want to. I won't stop you
this time. But if you stay then I'll love you. Be forever
by your side.

I'm in no hurry the pleasure's all mine
You said you're sorry too many times
Don't mess with my world don't tear it apart
I saw it coming right from the start
So you can go if you want to. I won't stop you
this time. But if you stay then I'll love you
Be forever by your side

So you can go if you want to. Let your
conscience be your guide. But if you stay then
I'll love you. I've got nothing left to hide.
So please don't go. All the loving you gave me has
torn me apart. You gotta stop trying to change
me it's going too far

So you can go if you want to. I won't stop you
this time. But if you stay then I'll love you
Be forever by your side

So you can go if you want to. Let your
conscience be your guide. But if you stay then
I'll love you. I've got nothing left to hide.
